

# Global Hardware Limited

## Introducing Global Hardware Ltd.'s

### SEED DISPENSERS

The yellow dispenser is a 2 in 1 seed and fertilizer dispenser. The red dispenser is a seed only. Once the field has been ploughed, it takes seconds to sow the seeds (and fertilizer) saving you time, energy and money!

### CORN THRESHER

Used in separating corn from the cob, this handy item be affixed to a table top or used on a flat surface. Save time, money and energy by using a corn thresher.

It's never been easier to eat corn off the cob!

### WICK STOVE

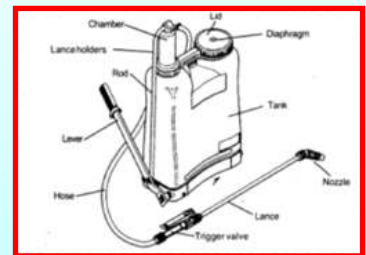

3Ltr. Kerosene wick stove with stand, made with high quality durable tin. Comes with funnel and extra wicks

## KNAPSACK SPRAYER

16 litre knapsack sprayer made using the highest quality materials. The nozzle is made of brass, whilst the lance is an extendable stainless steel. You absolutely have to see it to believe the quality!

Brass Knapsack sprayers

### Motorized Knapsack sprayers

A highly versatile sprayer of 14 litre capacity with a petrol driven motor. Suitable for both small scale farmers, gardens etc, as well as large scale farming or greenhouses where spot spraying is required. Truly unique product made from the highest quality materials!
